Did you know that BPAS, one of Britain's biggest abortion providers, has identified that the Government's punitive two-child Universal Credit limit is "a significant factor" in many women deciding to abort their child?

Research carried out by BPAS confirmed that, "Among women who were aware of the two-child limit and likely to be affected (women in receipt of Universal Credit or Tax Credits), 57% said that the policy was important in their decision-making around whether or not to continue the pregnancy."

The two-child family credit cap is causing unnecessary suffering and is not worthy of a caring society.

**The two-child benefit cap targets the poor and vulnerable.
Please help mothers choose life and overturn the cruel and
punitive two-child benefit cap.**
