WHAT ARE PEOPLE POSITIVE ABOUT?

% Comments (positive, innovative, caring) by Pastoral Plan Focus

Weybridge Parish is open to renewal, formation, looking to build new forms of communication and synodality, looking for ways to develop Mass provision, and excited about mission opportunities (eg youth ministry and linkages such as Royal Holloway)

- This is a positive move to help the priest
- Communities can support each other
- We are comfortable with the changes ahead
- It is like being disciples witnessing the resurrection - a new start
- We need to support the priests
- We need to work together
- We are generally happy with the ideas proposed
- Richness can come out of this change
- It's the right thing to do
- Laypeople will have to be more involved
- It has been nice to talk to and meet others
- We need to prioritise the wellbeing of our priests

WHAT ARE PEOPLE CONCERNED ABOUT?

% Concerned comments by Pastoral Plan Focus

Weybridge Parish is concerned what the structure means, notably how to preserve community identity, the special relationship with the clergy. The main concerns for Finance is to keep local control where appropriate and for fairness in decisions affecting the whole parish. Communication is focused on ensuring that local voices are heard, and the provision of the Eucharist. Mission concern is for older people.

COMMENTS ON STRUCTURE

Top area of concerned mood

- We need more volunteers
- Will there be logistical support to help people get to masses (eg minibuses)?
- We need to retain the culture of each community
- We are concerned about there being fewer priests
- Will any churches be closed down?
- We need to remove admin responsibilities from the priests
- What happens for the church community which does not have a pastoral team?
- Can there be the same level of listening and proximity to people in the new structure?
- How do we keep our identity?
- Will we still have the same relationship with our priest?
- Church communities will lose out with the movement of priests
- We are confused with the changes
- There is a risk of loss of identity
- We need to ensure the clergy and people help the synergy moving forward
